REPUBLICAN STATE PLAT- FORM.

I. The Republicans of Nevada, in convention assembled, reaffirm their unflinching loyalty to the principles of the party as enumerated in their national platform, from Lincoln to Blaine. We believe that the right of every man, whatever his race or color, and in the equality of every man before the law, with the unrestricted right of every citizen to cast his vote for his chosen representative, is the basis of our government. We are opposed to the further importation of Chinese to this country, or any other foreign laborers, under the contract system, and we favor any plan for the relief of free labor from competition with convict labor, which does not impose upon free labor the expense of supporting convicts in idleness and useless labor. We are opposed to the adoption of laws which threaten the peace and tranquillity of the good name of the United States. We condemn the action of the Democratic House of Representatives in its refusal to ratify the Chinese Exclusion bill, and we believe that the principles of Congress which has just closed to consider any measure tending to relieve our country from the blighting curse of polygamy and polygamous life in Utah and the surrounding territories.

II. We endorse the action of Senator Jones and Congressman Woodburn in their efforts to suppress polygamy in Utah, and to check the growth of disloyalty to the Government in that territory, and we fully endorse the principles of the bills introduced for that purpose by Congressman Woodburn. We endorse the action of the Republican Senate in passing in the early days of the last session of Congress the bill well calculated to suppress the growing evil of polygamy, and check the growth of the hostile power of the Mormon Church, which threatens the peace and tranquillity of the good name of the United States. We condemn the action of the Democratic House of Representatives in its refusal to ratify the Chinese Exclusion bill, and we believe that the principles of Congress which has just closed to consider any measure tending to relieve our country from the blighting curse of polygamy and polygamous life in Utah and the surrounding territories.

FRIDAY, OCTOBER 8, 1886.

The news from Peavine is encouraging.

The Pavilion is a scene of beauty and joy.

Vote for John E. Jones for Surveyor General.

The Republican State ticket is clean all through.

Vote for Hallock, the best Controller the State ever had.

The Nevada Republicans should make a clean sweep this Fall.

The Fair is highly spoken of by all. Reno does things up brown.

The Fair demonstrates that Nevada is a good State to stay with.

Our visitors are delighted with Reno, and all would like to live here.

This will be the big day of the week at the track. Set 'em up high.

Every home in the State should have one of Parker's maps of Nevada.

The JOURNAL, they say, is a pretty good little paper for a bit a week.

The New Jersey Republicans are wild for Blaine. So are the Nevada Republicans.

The Administration now proposes to turn out the rascals faster than ever. What a sham!

It is a matter for congratulation that Hon. T. B. Riekey and family have located at Reno.

Judges Rising, McKenney and Bigelow are the three best men to vote for District Judges.

The Republican party will triumph in the present contest if Republicans are true to themselves.

A general order has been prepared at the War Department, changing the headquarters of the Department of Dakota from Fort Snelling to St. Paul, Minnesota, on the first of November, and the headquarters of the Pacific, from the Presidio to San Francisco on the same date.

The Sagebrush Nightingale's Daughter.

The infant daughter of Madam Emma Nevada-Palmer was recently christened in the Church of St. Ferdinand des Termes, Paris. The name given her was Mary Mathilde Mignon Amine. The London Truth says: The Mary was after the B. V. M.; Mathilde after Mme. Marchesi, the mother's singing professor; Mignon in compliment to Ambroise Thomas, the godfather, and Amine after the operatic heroine whom Nevada likes best to personate. The Passionist Father Kelly received a special license from the Archbishop of Paris to officiate. Under the Concordat every child in France must enter the Catholic fold through the church in the parish in which it was born and under the auspices of its cure or its vicar. But as the Reverend Passionist in question catechized and christened Nevada herself, officiated at her wedding, and delivered an exhortation which drew tears from the eyes of hardened batchelors, she particularly desired him to baptize her first love blossom. Mgr. Richard made no objection, and so it was he who performed the ceremony.

The Nasbys Demand it.

WASHINGTON, October 5th.—The impression is general that the Administration will make many more removals from office and adopt a much more partisan policy during the coming year than heretofore. The Interior Department is run on a strictly unpartisan plan by Secretary Lamar, except in the Pension Bureau, and there is likely to be complaints of that Department by the reformers. Removals promise to fall thick and fast in the Treasury Department. Already twenty-nine of eighty-five Collectors of Internal Revenue, holding over from the previous Administration, have been suspended, and probably every single one will have to go. The discharges in the Navy Department, except in the office department, also promise to be quite numerous next season.

Silver Outstanding.

WASHINGTON, October 5.—A statement prepared at the Treasury Department today shows that there are now outstanding \$60,139,952 in standard silver dollars, being the largest amount of that coin in circulation since coinage was begun. A rapid decline, however, is now expected as the result of the issue of the more convenient silver certificates.

GOVERNOR HILL TALKS.

His Opinion on Political Affairs and the Democracy.

New York, October 6.—In an interview in the World Governor Hill expresses the conviction that the Democratic party is stronger to-day than at the beginning of the new administration, but it is plain to be seen that the Governor thinks the conduct of the party since the last Presidential election has done as much to establish confidence in it as anything else. He does not believe there is any one man who is necessary to the success of the party. Doubtless this phrase will meet with various constructions. He likes the Ohio Democratic tariff plank of 1883 better than Chicago plank of 1884, and suggests that the only way to revise the tariff is through a commission not packed in any special interest. He believes the Prohibition movement is growing steadily, but thinks the Republican anti-saloon movement will prove a failure. He flatters the mugwumps and other independents, and while he has some ideas on civil service reform, confesses he has not given the national law much thought.

NEW JERSEY REPUBLICANS.—Their Convention Goes Wild With Enthusiasm for Blaine.

TRENTON, Oct. 5th.—The Republican State Convention met at noon to-day. Chairman Hobart, of the State Central Committee, named for Temporary Chairman ex-Senator Alex. G. Cattell, of Camden, and he was elected. Cattell thanked the Convention for the honor paid to a nearly worn-out veteran in the Republican party. He referred to the struggle of two years hence, when, he declared, the "Plumed Knight of Maine" would be the Republican nominee for President. The delegates first applauded, then cheered and finally fully half of them rose to their feet and waved their hats and hurrahs for several minutes. On the conclusion of Cattell's speech the election of Vice Presidents and the appointment of committees was proceeded with, after which a recess was taken till two o'clock.

At 2:30 Chairman Cattell called the Convention to order. The Committee on Permanent Organization reported for permanent Chairman of the Convention Congressman William Walter Phelps.

Is an Office-Holder a Citizen?

WASHINGTON, October 5th.—The Cabinet meeting to-day was attended by Secretaries Endicott and Lamar, Attorney-General Vilas and Acting Secretary Fairchild. An interesting question arose in the case of a United States Attorney, who has been nominated for Congress, with reference to the propriety of his continuance in office pending the result of the Congressional election. The general opinion expressed was that the incumbent had better resign his Federal office, and he will be so informed. This action is in accordance with the recent Executive order in regard to Federal officials participating in politics.

NYE COUNTY.

The Belmont Courier remarks: The Austin Reville is very anxious to have Nye county abolished. The Reville has made it a practice for years past to misrepresent Nye. We can inform the Reville that our taxpayers are not at all anxious to be annexed to Lander, where taxation is \$3.00 on every \$100 of taxable property, and whose railroad debt aggregates \$189,000 bearing ten per cent interest. At present the business of Austin is so tight that the Nevada Central Railroad can only afford to run three trains a week between Austin and Battle Mountain, and are seriously contemplating, so it is said, this running of only one train. The Reville can rest sure that taxpayers of Nye want none of Lander in theirs, nor are they particularly desirous of being swallowed up by Austin. They can probably manage to scratch along for a few years yet in spite of the Reville's efforts to accomplish the disorganization of their county. The attention of the Reville is called to the platform of both parties adopted in Conventions at Belmont, last month. It will there be seen that the Legislative candidates are pledged to oppose the segregation or disorganization of Nye county. The Reville is in a poor business when it sets itself up as a divider of counties. If rumor speaks truly Eureka and Humboldt will try to get away with a goodly portion of Lander during the next session of the Nevada Legislature. The people of Battle Mountain and Lewis and those along the Central Pacific would like very much to be in Humboldt county. The Reville will find that it has work enough ahead to preserve for Lander the territory it already possesses. A county that wants to swallow another is often swallowed itself. Let Nye alone neighbor until you are asked to chip.

Grief Assuaged.

New York Sun.

A little New York girl, while spending the summer in the country, became very much attached to a pet chicken, which she wished to take home with her. "That's impossible, Sadie," said her mother. "We wouldn't know what to do with it. If you don't want to leave it here, why not let Uncle James kill it and we'll have it for supper?" "Oh, mamma," sobbed the little girl, "can I have all the white meat?"

Every good man in the State should become a life member of the Agricultural Society.

MARK TWAIN'S PROPHECY.

A Supreme Disaster Approaching—The Lites of October.

To the Editor of the New York Sun: Sir: As a result of the most careful observation of the aspect of the fixed stars during the past two months, as affected by the remarkable changes now going on in the great nebula G. Cassiopeia, I am able to state with absolute certainty that by far the most awful disaster that has ever befallen the globe since its creation will occur on the 3rd of October at 9:45 in the evening. The agent will be a meteoric stone—a meteoric world, indeed, since its mass will be one-eighth as great as that of our sphere. It will first come about half way between the constellation of the Great Bear and the North Star, and will make the circle of the southern skies, and then sweep northward with immeasurable rapidity, turning the night of this whole Continent into a red glare of the most blinding intensity. As it approaches Canada it will make a majestic downward swoop in the direction of Ottawa, affording a spectacle resembling a million inverted rainbows woven together, and will take the Prophet Wiggles right in the seat of his inspiration and lift him straight up into the back yard of the planet Mars, and leave him permanently there in an unconceivable mangled and unpleasant condition. This can be depended on. MARK TWAIN.

HARTFORD, Monday.

A WONDERFUL STATE.

The Austin Reville remarks: Nevada has a "black eye." It has been given to it by ignorant newspaper writers who think they know it all, when in reality they know next to nothing of our State or its resources. The fact that our State has only 60,000 inhabitants is thrown into our teeth by these scribes as if it was a crying shame and a burning disgrace. The very papers that continue harping on this matter are printed in States that have received millions of dollars of public help where we have not received dollars. All of their industries are fostered and encouraged, their rivers and sea coasts are well cared for, public buildings dot their principal cities, their industries are protected and aided and they are forced in spite of themselves to be prosperous. On the other hand anything and everything from Nevada or calculated to aid us is frowned upon and opposed. Our principal interest, silver mining, is crippled by their capitalists, our wool growers are cramped by their free tariff, our decolore acres are kept so because we cannot have help to sink artesian wells, we are called corrupt and rotten because our U. S. Senators put money into the campaigns and none have a good word for Nevada. When we consider that Ohio elected Standard Oil Payne on a money basis, that New York City had its Tweed ring and its corrupt aldermen and that nearly every Eastern State, yes even California herself, employ means in elections that Nevada does not, this kind of talk is the worst kind of twaddle yet it has its effects and emigrants hurry by as if we would haunt them.

On the other hand we know our State possesses remarkable resources. Its hills are robed with gold and silver, its valleys are rich with excellent grasses, its cattle are the choice of the epicures, its fruit and vegetables the finest that grow, its climate bracing, healthful and perfect, and its people enterprising and hopeful. Had any Eastern State the same advantages it would receive aid from the Government, laudations from all and its population and resources be rapidly augmented. Nevada is kept down, its wealth crippled and its prospects injured, but in spite of all this it will rise to its proper place and be a great State yet, and a State to be proud of. It is great in itself and its greatness must and will come to the front in due time.

THE DANGER OF INDIFFERENCE.

The JOURNAL heartily concurs in the annexed from the Enterprise:

That no man is worthy of the ballot who will not use it, is a truism which newspapers and orators are continually drumming in the ears of their constituents. And the reproach implied in the proposition affects Republicans more than Democrats, since it is among them that the sin of indifference is the most flagrant.

The chief difficulty in the way of securing a full vote is in interesting the people in the issues of State canvasses. To this end the State Committee have arranged a series of meetings at which Mr. Stevenson and Mr. Woodburn will explain to voters the aims and purposes of the Republican party.

One reason often given for abstention from voting is that the voter finds it difficult to make his real opinion felt at the ballot-box. There is something mugwumpian in the flavor of this objection, and the citizen making it is apt to lay the blame on the politician. They doubtless merit some of it, but the probability is that he merits more of it himself.

In this campaign, however, such an excuse cannot be offered by any sincere Republican. The aims of the party, as set forth in the platform, are those for which people who have the interest of the State at heart are striving. The candidates of the party are exceptionally good men—capable, clean-handed, honest—with interests here which must of necessity make them devoted to the welfare of the State.

Republicans who would have their party win at this election must register and work. A failure to register means an inability to vote. You may not be able to convert your Democratic neighbor, but you can point out to him the essential viciousness of his political connection, show him the way of political righteousness and his quickened conscience may perchance lead him to walk therein.

But first of all, register, so that on election day you will not be a cipher at the polls.

J. W. Maddrell, editor of the Austin Reville, is enjoying the Fair.

Senator D. B. Lyman and wife, of Virginia City, are Fair visitors.

Reno couldn't have asked for finer Fair weather. It is just perfect.

The Pavilion is crowded day and night. It is a sight worth seeing.

The Esmeralda Democrats have nominated Judge Sewell for State Senator.

There are only twelve more days in which to get your name on the register.

The Boskowitz brothers are here and will probably go in a bicycle match at the track to-day.

The model quartz mill at the Pavilion will be running this evening on ore from the Comstock.

To-day (Friday), after 12 m. the money order office at the postoffice will be closed for the day.

Carson will have four days' racing next week commencing on Wednesday. All the California horses go from here.

The attendance at the track to-day will be the largest of any day during the Fair, and the largest here for several years.

The Knights have received their new uniforms and will soon institute a Division of the Uniform Bank of that Order here.

Treasurer Tuffy and Controller Hallock put up \$50 dollars apiece yesterday and bought life memberships in the Agricultural Society. Good men.

To-night Nellie Boyd will play the "Octoroon" at the Nevada Theater, and as this is one of the finest pieces on the stage of to-day it will undoubtedly be the cause of packing the theater this evening.

Charley Lanter, an Indian sentenced to the State Prison from Nye county for manslaughter, died of consumption yesterday morning at the prison. This is the first death at that institution for two years.

J. A. Blossom, of Battle Mountain; Thos. Nelson, of Golconda; J. W. Haines, of Genoa; Judge Rising, of Virginia; J. M. Sanford, of Stillwater; T. G. Herman, of Wadsworth, took life memberships in the Agricultural Society yesterday.

Who that has visited the Pavilion or Park during the progress of the present Fair that has not been delighted and charmed by the excellent music discoursed by the Virginia Orchestra Band? Mr. Thos. Cara is the efficient leader of this band, and deserves much praise for the promptness and accuracy with which the musical programme has been carried out.

NEVADA THEATER.—A large and fashionable audience greeted the Nellie Boyd Company last evening, when was presented the comedy-drama "Solomon Isaacs." The vast audience was kept in a roar of laughter by the eccentricities of the Jew, Solomon, which was well played by Mr. Hatch. Miss Nellie Boyd as the blind wife, Mrs. Matland, gave a beautiful and pathetic portrayal of the part. Mr. Wilkins as Gilbert, the husband, the victim of a base plot, acquitted himself creditably. The villain, Matthew Thornton, found a clever rendition at the hands of Mr. Stevens. The ladies had little to do, but did it well. Master Frankie, as Arthur Sidney, was well played for a child. The great scene of the looks was a fine piece of scenic work, and reflects credit on the artist. This is one of the finest companies that has appeared in Reno for some time, and is a credit to Miss Boyd in her choice of the people who has engaged to support her. This evening will be produced the great sensational play, in five acts and six tableaux, entitled "The Octoroon." The piece will be mounted in first-class style as the company carry all the scenery with them. Our townspeople should not fail to see this great production. Reserved seats at the Postoffice.

DANCE TO-NIGHT.—The hose boys have everything ready for their grand ball this evening at Armory Hall, and judging by the sale of tickets the ball will be crowded to its utmost after the Theater and Pavilion closes. The tickets admitting gentleman and lady are only \$1.

THE FAIR.

The weather yesterday could not have been more magnificent if manufactured for the occasion, and the people turned out in force to see

THE RACES.

The ¼ dash between Robinson, Bert R., Ninena and Emma, was run in the order named. Time 1:16½. The finish was a splendid one. Robinson won it by a neck. In the pools the colt sold for \$20 to \$12 for the others.

The mile dash between Coombs, Lige Clark and Certorari was won easily by Coombs. Time 1:50. Coombs was the favorite at 2 to 1 in the pools.

The unfinished pacing race was called next, and Shaker, Prince, Pocahontas and Ackerman appeared, Nevada having been declared distanced Wednesday. The heat was won prettily by Shaker, Ackerman second, Prince third, Pocahontas fourth. Time 2:25.

The next heat was a rattler and was won by Ackerman in 2:23, Shaker second, Prince third.

The next heat was won by Prince, but Ackerman won the succeeding heat and race, and made the short-enders extremely happy. It was a good race all through.

The trotting race between Ed, Apex, Twinkle, Col. Hawkins and Kate Bender was won by Ed, although Apex took the first heat.

The trot for the Reno horses was won by Ned, Jack second, Billy Wilkes third.

TO-DAY'S GRAND PROGRAMME.

The stock parade will take place at 10 o'clock sharp. Then the ladies will ride, and the Kemler sisters will also do some fancy riding. After this the Indian pony race will come off, and the gang intend to "pocket" Whip-poor-will Jim.

The first running race will be the free handicap of 1¼ miles between Lige Clark, Coombs and Snuff Box. Then will come the stake dash of 1¼ miles between Miss Courtney and May Blossom.

Then there will be a ¼ mile dash between Fox, Ten Cents, Emma, John D. and Black Oak. Next will be a ¼ mile dash between Lookout, Lila Ferguson, Bert R., Lost Boy, Adeline and Emma.

Then follows the Consolation Purse of 1¼ miles, and Snuff Box and Frank are entered, but all other beaten runners will have a right to go.

The first trot will be between Victor, Wells Fargo, Bay Frank, Maud W. W. and Twinkle. The other trot also 3 in 5, will be between Chevalier, Doncaster, Arthens and Flaxy. Such a fine programme was never before known, and to-day will be a gala.

The business houses will close, and the school children will also turn out in force.

The stock parade, ladies tournament, Indian pony race, five running races and two fast trotting races, is the programme for the track to-day. Who could ask for anything better, unless a chromo was thrown in.

GRAND OPENING OF THE TEMPLE OF FASHION, Oct. 1st to 6th Inclusive.—Mrs. Hessel respectfully invites the ladies of Reno and vicinity to attend the grand opening of the Temple of Fashion at which time she will have on exhibition the largest and most complete stock of millinery goods ever displayed in this city.

She also takes pleasure in announcing to her friends and patrons that she has also secured for the coming season an experienced artist whose ability and refined taste will be a guarantee of perfect satisfaction to all.

ROLL OF HONOR.—The following is the Roll of Honor of the Spanish Spring Valley school: Archie Clute, 99.5; Minnie Dunning, 97.7; Florence Hart, 95; Bessie Thompson, 93.7; Frank Dunning, 93.7; Gertie Clute, 95.5; Pearl Hart, 93.2; Beatrice Hart, 91.

ANNIE L. WILLIAMS, Teacher.

MEETING NOTICE.—The members of the Kindergarten Association will meet at the rooms of Mrs. S. D. King on Monday, at 2 P. M. A full attendance is desired. All creditors of the Association are requested to send in their accounts to Mrs. King on or before that date.

THE CARSON MINT.

Winnemucca Silver State

A Washington dispatch this morning states that Acting Secretary Fairchild has authorized the re-opening of the Carson Mint as an assay office for the receipt and deposit of bullion. This action has been taken on the recommendation of the Director of the Mint and with the full approval of the President, who has been urged by Senator Fair, in accordance with the wishes of his constituents, to do so. It is intended as an experiment, as the Department thinks it doubtful whether the deposits will warrant its conduct as an assay office, and its future operation as a coinage Mint will depend altogether upon the extent of the deposits.

It now remains for the bullion producers of Nevada to decide whether the Mint will be kept open or not. If they ship bullion by the Mint from the Comstock and other mines, as was the custom when it was run before, to San Francisco, it will not be kept open as in the past for the purpose of accommodating politicians, who desired easy berths with which to reward their political henchmen.

The Mint will be conducted henceforth on business, not partisan principles. If it is patronized it will be kept open, if not it will be closed.

PARKER'S NEW MAP OF NEVADA.

THIS NEW AND BEAUTIFUL

MAP OF THE STATE,

Has Just Been Published, and is Now Ready for Sale.

It has been completed with great care in order to insure its being
strictly correct, and furnishes a vast fund of valuable information re-
garding the topography of the State. There never has been a Map of
the State prepared heretofore worthy of the name, and it is intended
to fill a long-felt want on the part of citizens. It has been litho-
graphed at large expense by the famous publishing house of Rand,
McNally & Co., of Chicago, and does great credit to their well-known
skill in the art. The Map is drawn on a scale of 12 miles to the inch,
and shows all surveyed Townships up to date of issue, also all Mount-
ain Ranges, Valleys, Rivers, Creeks, Brooks, Streams and Lakes; it
also shows the correct position of all Indian and Military Reserva-
tions, and all Cities, Towns and Settlements; also all Railroads and
the principal Wagon Roads. The County Boundaries are also de-
picted with absolute correctness, which is something that no other
Map has even approximated to.

The Map is printed on the best of paper, and mounted with stick,
top and bottom, with tape on edges and varnished; it is also printed
on thin, strong paper, which folds up in stout covers for pocket form.
The Counties are printed with different colors, making it altogether
an ornament to any school house, office, saloon or private room, as
well as valuable for instruction and reference.

The Map has been compiled by John W. Parker, the Chief
Draftsman of the United States Surveyor-General's Office at Reno,
who holds the copyright, and is the condensation of all information
on file in that office, as well as the celebrated War Department Maps
prepared by Lieutenant Wheeler; he has also had at his command
other recent and reliable data on which to rely, and the Map is issued
to the public in the firm belief that it is in every way authentic.

The Price of the Map is \$5.00,

And copies will be sent to any address, postpaid, upon receipt of the
money. Parties ordering will be careful to state which style is de-
sired—mounted or pocket form.

REPUBLICAN COUNTY PLAT-

FORM.

The Republicans of Washoe county, in con-
vention assembled, present the following de-
claration of principles and purposes, and
pledge themselves and the nominees of this
Convention to their faithful and earnest sup-
port and endorsement.

We denounce the attempt of the present ad-
ministration to further restrict the coinage of
silver and change the measure of standard
value from gold and silver to gold alone, as
an act of monstrous injustice to the mining
interests of our country, and demand that a
double standard be established of both gold
and silver, and be maintained as the basis of
our money system as established by the Con-
stitution of the United States.

We, as a party, are most emphatically op-
posed to the further immigration of Chinese,
believing them to be a class of laborers dis-
tinct from American institutions, and we are in
favor of the legal expulsion of those with
which the country is now afflicted.

We denounce the "sham" policy of reinven-
tion and reform as carried out by the present
administration, and which has closed our Mint,
cut down our mail routes, caused a cessation of
public land surveys, and damaged the material
interests of the State in such a manner, as to
lead us to believe that the people of Nevada
have been selected out for punishment because
they had the courage to vote their convictions
in the campaign of 1886.

We are in favor of a home man for United
States Senator, and our representatives to the
Senate and Assembly are instructed to use all
honorable means to elect a gentleman to that
office who is a Nevada man, interested, and
actual residence, instead of a man like Senator
Fair, whose whole interest and residence are in
California.

The present depressed condition of this State
demands rigid economy in all public affairs, and
we require of the nominees of this Convention,
and particularly those for Legislative offices,
an earnest effort to reduce the expenses of both
the State and County governments, and to re-
lieve the people of the present burdensome
and vexatious taxation.

Resolved, That gold and silver have been
recognized as money from time immemorial,
because each could be exchanged at the Mints
of the civilized world for coin. Silver did not
decline in market so long as the units of any
nation in Europe or America would receive it
in exchange for money. We favor the im-
mediate passage of an act of Congress provid-
ing for the free coinage of both gold and silver,
so that the owner of either of these metals
may have it exchanged at our mints at the

standard rates for coin of gold or silver certifi-
cates as the case may be.

We endorse the earnest and able efforts of
Senator Jones and Congressman Woodburn to
prevent the Administration from depriving the
people of this State of their usual and neces-
sary mail facilities, and we earnestly re-
open our mind and to furnish the people of
this State with the usual benefits arising from
fair and impartial administration of public
affairs, and we particularly commend them for
their able efforts to restore silver to its origi-
nal place as money and to defeat the conspir-
acy to demote the same and its degradation to
that Senator Fair's private business was so
pressing as to require his absence from his seat
in the Senate at all times when any question
affecting the silver question was under discus-
sion, or voted upon, since he has been a member
of the United States Senate. But whatever his pri-
vate business or interest may have been, we can-
not excuse his absence on the ground that with
regard to silver, in which our State is so
vitaly interested, and which he was elected to
foster and protect. We charge him with utter
disregard of his duty by his constant in-
fidelity to place on the records of the Senate
his opinions upon this question. In all charity
to him we hope he is not a bondholder, and
therefore interested in the demotion of
silver, and the destruction of silver mining
in this State.

We favor the restoration of the Republican
tariff on wool and the maintenance of the gen-
eral features of the present protective tariff,
and oppose free trade and the degradation of
labor in this country which must result from
competition with Europe and China if the
Democratic dogma of free trade should be
adopted.

The Republican party has done more to re-
lieve the oppressed than any other power ever
reigned on earth, and cannot seek without sym-
pathy and earnest solicitude upon the efforts
being made to arrive at a humane and hono-
rable solution of the questions that have so
lately been at issue between England and Ire-
land.

We denounce the action of the Democratic
House in refusing all expressions of sympathy
with the House of Representatives, while the Re-
publican members always support such Reso-
lutions.

Resolved, That the Republican party has
ever stood as the friend of labor against all
who would either oppress or enslave it; and
every measure, either State or national, which
will protect the laborer from dangerous foreign
competition, or improve and dignify his con-
dition, at home, will meet with our unequalled
approval. Unswerving in our hostility to An-
archism, Socialism and Communism, we favor
such wise legislation as may insure that har-
mony which must always prevail between the
employer and the employee. We recognize
the right of all men by association to promote
their mutual good and protection in every way
that does not infringe upon the rights of
others.
